## **Lesson Plan**

---

**Objective:** The Learner will access and navigate through UT High School.com online courses in the areas of Math, Science, History, Health, Speech, and/or Sociology. Students will review course objectives and academic vocabulary in English and Spanish in order to comprehend concepts presented in the courses. Students will also work online using Duolingo.com, Learningchocolate.com, Flip, and Freerice.com for Language enrichment and academic vocabulary learning. Students will master and be successful with their online assigned courses and will improve both their written and verbal language communication to clearly articulate their second language.

**TEKS:** 9-12.1 (D)(J)(E)(I) 9-12.2

**ELPS:** 2(D) 3(G) 4(B)(C)(E)(F)(H)(J)(K) 5(B)(F)

**Teacher Instruction:** Monitor and facilitate students learning in the areas of Math, Science, History, Health, Speech, and/or Sociology. Monitor students using online websites such as UT High School, Duolingo, Learning Chocolate, Flip, and Freerice for language enrichment and academic vocabulary learning.

**Materials:** Online Courses, Google Translate, Vocabulary/Glossary and access to specific websites to obtain information related with course student is taking online (UT High School). Online websites for English as a Second Language that will help students build competency in all four areas of language development: listening, speaking, reading and writing (Duolingo.com; Learningchocolate.com; Flip; Freerice.com).
